

ACCRUED TIME CLARIFIED BY JOHNSTON

"Any hours worked in excess of the normal schedule are credited to the workers," said Ray D. Johnston, Project director, in clarifying the recent instructions on accrued compensatory leave.

Excess hours would be accumulated when a worker scheduled to work 8 hours a day, worked 9 hours or more on that day. Extra hours would also be accrued when an employee, scheduled to work 4 hours on Saturday, works for 5 hours or more.

These accrued hours may be used as compensatory time when he is unable to go out due to the weather or other reasons.

"It is hoped that all jobs can be scheduled with sufficient overtime opportunities so that each worker will be able to put in his full time each month," said Johnston.

GENERAL DE WITT OPPOSES THE RETURN OF CALIFORNIA "JAPS"

Tomorrow's probable lineup, as released by Coach George Horita, is as follows:

1st Team	P	2nd Team
H. Nitta.....	p.	T. K'mbyashi
H. Shironaka.....	p.	W. Kagawa
G. Kagawa.....	p.	K. Ito
D. Hayashi.....	c.	F. Nakamura

Graced with stars from a pair of championship ball clubs, namely, the Lodi YMBA Templars, 1940 California state titlists and Southern California Japanese Baseball tournament finalists in 1941, and the Stockton Yamatos, 1941 Northern California Japanese Baseball league champion, the Rohwer All-Star's roster includes some of the nation's best nisei baseball players of the present time.

Loasting four good pitchers who can take the hill whenever called upon, Coach George Horita shouldn't have any trouble as far as mound assignment is concerned. Leading the pack are a couple of twenty year olds; Yamatos' Ted Kamibayashi, who commands a beautiful change of pace, and "Wild Will" Kagawa, the Lodi cyclone who probably owns the "fastest ball in the hurling crop.

Veteran Kazuto "Phat" Ito, Templars' knuckle ball artist and the only nisei pitcher to stop the fence-busting San Pedro Skippers twice in a row, and up and coming southpaw George Kagawa should be able to handle the left-handed side duty after a few warm-ups.

On the receiving end will be Butch Hayashi of the Templars and Lodi Legion and Yamatos' Shogo Muraoka.

--oOo--

The infield combination will probably see all-star Frank "Mazra" Horita, Stockton's slugging first sacker, unparalleled among the nisei; Stockton American Legion's Fred Masai; and Templars' all-purpose infield star Kiichi Hiramoto on the keystone; Archie Miyamoto, Monterey Minatos' great, at the hot corner; and Stockton's Frank Kamibayashi, the slickest fielding player in the game at shortstop.

Yamatos' all-star Hal Hirose; Templars' Shig Kaba, the slugger with the DiMaggio stance; and Sammie Ichiba, former Lodi Junior

Besides playing a sterling defensive game, Frank Kebo led the Hares' scoring with 18 points.

The above outfielders have speed, excellent arms and above all are good hitters.

"A" LEAGUE - Royal Dukes, Mutineers, Dodgers, Royal Hawaiians, Royal Spartans, Reds, Yugatang, Black Majubees, Block 11 and Redondo Bombers.

EDITORIAL

IS A JAP ALWAYS A JAP ?

Wednesday's Arkansas Gazette carried a San Francisco datelined article:

"A Jap's a Jap" and "it makes no difference whether he is an American citizen," Lt. Gen. John L. DeWitt said today in opposing the sentiment developing to bring back some of the Japanese to the West coast.

The commanding general of the Western Defense Command and Fourth Army told the House Naval Affairs Subcommittee, "I don't want any of them. We got them out. They were a dangerous element. The West coast is too vital and too vulnerable to take chances....."

We are a dangerous element, he says, and consequently we were removed from the Pacific coast. However, what have we done that has proven us to be so dangerous. Why are we such a menace?

Has it been a menace to help develop the tule lands of the San Joaquin valley; has it been a menace to have the lowest racial criminal group; has it been a menace to have such a small number of us on the relief rolls; has it been a menace for the Japanese to aid the community chest funds by always surpassing our quota; has it been a menace for us to make our living by our 'stoop labor' and contribute towards the reclamation and productivity of waste lands; has it been a menace for us to strive toward better ideals and standards; if so, we ourselves must admit that we have wronged the United States.

A Jap's a Jap! Lt. Gen. DeWitt insinuates that the Nisei's sentiments are directly in favor of Japan. If he is right, he will be admitting that the United States is not a unified nation, but a country composed of many races who inwardly remain loyal to their ancestral nations. He is saying that the Americanization of no racial groups has taken place and that the ideals of democracy are just empty dreams.

In any respect, for such an important military leader to carry on Jap-baiting tactics and foster seemingly perverted political beliefs, the safety of not only the West coast but the whole of the United States is endangered.
